

# Ye Min Aung

Junior Web Developer

## ABOUT ME

Junior Web developer with **1+ year of project experience** developing **personal** and **academic** projects using **React**, **Laravel**. Skilled in developing modern user interfaces, **RESTful APIs**, and cross-platform mobile apps with React Native. Interested in scalable systems and clean architecture.

## PROJECTS EXPERIENCE

2025 – Now **Special Project 3002 (PIMS)**  
*Tech stack: React, Typescript, Laravel API*

Built a platform to manage student project lifecycles with authentication and role-based access, streamlining submissions, tracking, and evaluations.

2024 – 2025 **Note-Taking App**  
*Tech stack: Kotlin, Room Database, Firebase*

Developed an Android note-taking app with color-coded notes and optional cloud sync for efficient task organization.

2025 – 2026 **Cocktail Explorer – Liquid Index**  
*Tech stack: Nextjs, Typescript, CocktailDB API*

*Created a responsive web app for browsing, searching, and saving cocktail recipes with API integration and modern UI design.*

## EDUCATION

2019 – Now **Undergraduate B.E. (Hons)**  
**GPA: 3.3 / 4.0**  
*Myanmar Institute of Information Technology*

### Certificates

*Meta Front-End Developer (Reactjs – Basic and Advanced)*  
*The Fullstack Developer Path from Scrimba*
